Description: Duncan Hikmat was a Human male from the planet Stobar who served the Bespin Wing Guard as a cloud car pilot during the Galactic Civil War, around 3 ABY. At some point during his life, Hikmat was featured in Action Tidings and Figg Daily Bulletin after apprehending a group of Moogan art smugglers. He co-piloted one of two Storm IV Twin-Pod cloud cars near Cloud City in 3 ABY when the Millennium Falcon arrived there. One Cloud Car fired warning shots at the freighter before escorting it to a landing platform.
