Description: Willrow Hood was a human male who was a resident of Cloud City during the reign of the Galactic Empire. In 3 ABY, after Imperial forces took control of the city, Hood participated in the city's evacuation.

Biography

Evacuating the Harbinger

Willrow Hood was present aboard the Imperial I-class Star Destroyer Harbinger when it was hijacked by the Rebel Alliance at some point between 0 and 1 ABY. For fear that the overloaded reactor might explode, the admiral in command of the Harbinger ordered the passengers and crew to abandon ship before the Rebels set foot aboard it. Along with stormtroopers and technicians, Hood rushed to a hangar for evacuation, a camtono under the arm.

On Cloud City

In 3 ABY, Hood was on Cloud City, in the atmosphere of Bespin, when the Galactic Empire took up occupation of it. As Baron Administrator Lando Calrissian informed the platform's citizens of the takeover, causing many to attempt to flee, Hood ran through the city's corridors, once again holding a camtono, and passed by Calrissian and his Rebel allies Princess Leia Organa, Chewbacca, C-3PO, and R2-D2 as they made their own escape.

The Anoat Paradise

During the Imperial blockade of the Anoat sector in 4 ABY, however, Hood was still on Cloud City. Months into the blockade, he was occasionally seen at the Paradise Atrium, an upper-class lounge owned by Voras the Hutt, leader of the criminal Ivax Syndicate, still cradling a camtono in his arms.

Personality and traits

A human male, Willrow Hood had black hair and dark skin.
