Description: Lastok, designated TK-7834, was a male Imperial AT-AT pilot who served in Blizzard Force during the Battle of Hoth in 3 ABY. He was the designated pilot for Blizzard 1, the AT-AT of General Maximilian Veers, along with the gunner TK-5187. The vehicle was taken down by a Rebel snowspeeder flown by rebel pilot Derek Klivian, that crashed into the cabin. Lastok survived the crash, and helped to find and rescue General Veers along the rubble of the AT-AT.
