Honest and efficient, M'Toc never took a bribe in the course of his duties.

Biography
Utris M'Toc hailed from the Imzig homeworld of Couronne, where he once served as a member of the High King's Guard. However, he was forced to leave his species' planet following a bloody coup.

Eventually, M'Toc joined the elite Wing Guard in charge of security on the planet Bespin's Cloud City. Under the leadership of city Baron Administrator Lando Calrissian, who ushered in a new era of public accountability in the formerly corrupt Wing Guard, M'Toc worked to protect Cloud City's citizens from the less reputable members of the local constabulary. M'Toc became an enemy of Bislav Merril, a tyrannical Wing Guard commander who treated his fellow Cloud City troopers with disdain.

In 3 ABY, during the Galactic Civil War, M'Toc was present in Cloud City as Imperial forces led by the Dark Lord of the Sith Darth Vader arrived in pursuit of Rebel Alliance agents. The subsequent Imperial takeover of Cloud City forced Calrissian to flee Bespin, while the responsibility fell to the Wing Guards to do whatever they could to save their city from the Empire.

Personality and traits
As a leader of the Bespin Wing Guard, Utris M'Toc took on the crucial duties of Cloud City security with honesty and efficiency. He attempted to shield the people of Cloud City against the corruption found within the Wing Guard. Unlike other Cloud City troopers, M'Toc never accepted a bribe. A male member of the humanoid Imzig species, M'Toc had light skin with touches of blue on his face, and light-brown hair.

Equipment
Utris M'Toc wore the dark-blue uniform of the Bespin Wing Guard. His tunic was uniquely adorned with gold piping along the collar, arms, and bottom trim, and he donned a unique gold neck treatment. He also wore a gold ring on his left third finger. M'Toc armed himself with a Relby-k23 blaster pistol and a baton, which he kept holstered on his left and right hips, respectively.
