Description: Salacious B. Crumb was a Kowakian monkey-lizard who worked as a jester in the court of the crime lord Jabba Desilijic Tiure during the Galactic Civil War. Known for his shrill laughter, Crumb kept his master amused until his death during the rescue of Han Solo by members of the Alliance to Restore the Republic.

Biography
A male Kowakian monkey-lizard from the planet Kowak, Salacious B. Crumb was known for his shrill, cackling laughter and sophisticated sense of humor like his fellow monkey-lizards. Many individuals of his species served as favored pets among denizens of the underworld, retaining their

apparently hilarious-sounding names, and Crumb was no exception, becoming the unofficial court jester of the Hutt crime lord Jabba Desilijic Tiure. Crumb's association with Jabba began when the thief stowed away on the Hutt's starship, and was found and captured by the Twi'lek Bib Fortuna.

Jabba struck up a unique deal with the monkey-lizard; if Crumb could amuse Jabba at least once a day, he would be allowed to eat and drink as much as he pleased, but, if he failed, he would be slain. Crumb lived in this manner for over a dozen standard years, and henceforth sat beside Jabba to mercilessly tease and imitate captives, amusing his master greatly with his mimicry and laughter. Crumb even imitated visitors, courtiers, and even Jabba himself, and used his position on the Hutt's dais to steal morsels of food. Jabba's noxious pet was tolerated because of the amusement he brought Jabba, and because of his unwavering support for his master.

Crumb was present at Jabba's side when the Dark Lord of the Sith Darth Vader arrived in Jabba's Palace to negotiate with the Hutt, and later accompanied his master aboard the sail barge Khetanna to celebrate with Vader. Crumb laughed uproariously as Jabba's gangsters fired at a herd of banthas, causing Vader to threaten the creature's life should he laugh again in his presence.

Crumb was present when members of the Rebel Alliance came to rescue Han Solo from his boss' clutches. While they managed to free Solo they were quickly recaptured and Jabba took former Alderaan Princess Leia Organa as his slave. After a failed negotiation Jedi Knight Luke Skywalker killed Jabba's pet rancor Pateesa. He accompanied his boss and his guests on the ill-fated Khetanna to the Great Pit of Carkoon, where Jabba planned to execute some of the Rebels. The foul gangster's effort at execution was quickly thwarted by the Rebels carefully laid plan.

When Skywalker managed to free himself and as the Rebels began fending off Jabba's Guards; general mayhem broke out on the sail barge. Leia cut off the lights of the barge, Jabba's guests, including Crumb, ran in search of an exit from the barge while Organa seized the moment to choke Jabba to death with her chain. Following Jabba's death, Crumb attacked C-3PO, almost snatching one of his eyes, but R2-D2 went to the rescue of the droid and shocked Crumb, who turned away annoyed. Crumb was apparently killed when the Khetanna was destroyed by the Rebels, who then re-united and escaped.

Personality and traits
A Kowakian monkey-lizard with a distinctive shrill cackle, Salacious Crumb usually sat on Jabba's lap, where he frequently stole food and mimicked, as the palace's unofficial jester, Jabba's courtiers, visitors and sometimes even Jabba himself. In fact, Salacious was just tolerated because his antics amused the Hutt and because of his unwavering support of his master.He also loved tracking Jabba's tail move back and forth.

Salacious was also known for his lack of respect, a trait which was demonstrated when the Sith Lord Darth Vader arrived to negotiate with the Hutt. Aboard Jabba's sail barge Khetanna, he laughed uproariously as the Hutt's gangsters fired at a herd of banthas. The Sith Lord threatened the jester's life should he laugh again in his presence.He would even sometimes mercilessly tease Jabba's captives and enjoyed watching Jabba torment others.

Salacious knew many individual's secrets and he was completely willing to use those secrets for his own personal gain or amusement. He had no moral code and was only loyal to Jabba.

According to the mole-flea Lugubrious Mote, Salacious was not very intelligent. She described him as "dumber than a newborn rancor."
