Description: Hermi Odle was a male Baragwin gangster who worked as a weapons specialist and as the personal armorer of the Hutt crime lord Jabba Desilijic Tiure, helping to craft defenses for the Hutt's palace on the planet Tatooine. He was part of a crowd that refused to back Jabba's majordomo, Bib Fortuna, when Boba Fett confronted Fortuna at the palace while looking for Jabba.

In 4 ABY, Odle was present in Jabba's throne room when the droids R2-D2 and C-3PO delivered a message to Jabba from the Jedi Knight Luke Skywalker, and laughed when the Hutt declared he would not be bargaining with the Jedi for the freedom of the smuggler Han Solo. He was later present when Skywalker arrived at the palace and killed Jabba's pet rancor Pateesa.

***Biography***

*Shady thug*

Hermi Odle was a Baragwin male gangster with a shady past who was on the payroll of the crime lord Jabba Desilijic Tiure as the Hutt's personal armorer. He also worked as a weapons specialist and helped to craft the defences of Jabba's Palace on the desert planet Tatooine, where he could often be found.

Shortly after the smuggler Han Solo was frozen in carbonite in 3 ABY, Odle walked past the bounty hunter Amanaman and Solo's ally Lando Calrissian as Calrissian asked Amanaman to keep an eye out for the bounty hunter Boba Fett for him. Jabba later put a bounty on Fett after the bounty hunter had Solo's frozen form stolen from him while trying to deliver it to Jabba. Fett then traveled to Jabba's Palace to confront the Hutt, but was greeted at the gate by the Hutt's majordomo, Bib Fortuna.

Fortuna explained that Jabba was unavailable as he was attending an auction for Solo being held by Crimson Dawn. A crowd including Odle then emerged behind Fortuna, some with their weapons aimed at Fett, as the majordomo suggested that the hunter leave. Fett instead spoke to the crowd, asking if it was worth potentially dying for Fortuna's sake. The crowd lowered their weapons, and Fett passed by Odle as he walked into the palace with Fortuna to see the auction invitation.

*Rescue of Han Solo*

In 4 ABY, he was present in the palace when the droids R2-D2 and C-3PO arrived early one morning with a holographic message from their master, the Jedi Knight Luke Skywalker. In the message, Skywalker asked to bargain with Jabba for the freedom of Han Solo, a imprisoned smuggler that the Hutt held frozen in carbonite and displayed on his throne room wall, and gifted him the two droids as a sign of good will. After the recording finished, Jabba announced that he had no interest in giving up his favorite decoration, causing Odle, who was stood in front of Solo's

frozen form, to laugh.

Odle was later sleeping in one of the throne room's booths the morning after a night of celebrations at the palace following the capture of Princess Leia Organa after she had freed Solo from carbonite. As the Baragwin dozed alongside Jabba and many other court members, Skywalker arrived at the palace and used mind tricks to reach the throne room, where the Hutt's majordomo, Bib Fortuna, woke the crime lord up. As the court also rose, Skywalker demanded that Solo, Organa, and the Wookiee Chewbacca be released, threatening Jabba with a blaster pistol when he refused.

Jabba then dropped Skywalker, and the unfortunate Gamorrean guard Jubnuk, through a trap door into a pit below the throne room. The court watched as Jabba's pet rancor, Pateesa, devored Jubnuk before being killed by Skywalker, outraging Jabba. Odle remained in the booth, by this point standing, as Skywalker, Solo, and Chewbacca were dragged before the Hutt and sentenced to death. Jabba and much of his court then traveled to the Great Pit of Carkoon to witness the executions, but the captives managed to turn the tables on their captors and killed the crime lord and many of his followers.

***Personality and traits***
Hermi Odle was a massive Baragwin who stood 2.1 meters. A bizarre creature, his head and lips fell to the level of his throat, which gave the impression that the gangster was a hunchback. However, wise members of Jabba's court knew that he was far more dangerous then his stopped posture, shuffling gait, and drooping lip suggested. He had yellow eyes and mottled pink and purple skin.

***Equipment***
Odle wore a tattered cloak and clothing which were all brown in color.
