Description: Kerri was a human female who lived on the planet Kenari with her brother Kassa. When Kerri was six years old, Kassa joined a party of villagers going to investigate the crash site of a starship, while Kerri was left behind. Kassa did not return from the mission, as he became separated from the group and was taken offworld by Maarva and Clem Andor, who wanted to rescue him from danger.

Years later, Kassa, now Cassian Andor, searched for his sister on Morlana One at a brothel,

having heard there was a girl from Kenari there. However, after consulting a hostess, he learned that the girl had left months before.

After taking part in the heist at Aldhani, Andor was told by Maarva to stop searching for his sister, saying everyone had been killed on Kenari and what happened to his home and Kerri was not his fault.
