Description: Jaldine Gerams was a human female Rebel pilot who used the callsign Blue Three

during the Galactic Civil War. Gerams was a thoroughly professional pilot and computer specialist. She logged many hours, honing her real-life aerial skills in self-authored advanced flight simulator programs that she would endlessly drill. Gerams jumped at the chance to fly a real T-65B X-wing starfighter when the Alliance arrived on Fresia. Sometime after joining the Alliance, she participated in the Battle of Scarif, where she engaged Imperial starfighter squadrons.
