## StormElite Shock Troops

SE shock troops are the first StormElite personnel into a combat hot spot.

Ruthless and loyal to their Emperor, the StormElite shock troops are one of the most elite fighting forces of the Empire.

Service among the ranks of the shock troops must include a minimal two years combat experience on either the Commonwealth Front or any combat tense Alliance Front. Those who are alive after two years of combat experience are then grouped together and selected by qualities concerning fighting ability, loyalty, and psychological endurance.

Shock troop selection is prejudice and entirely Imperialistic. Troops must be humans within the ages of 17 to 27, between 5'10" and 6'2" height, and between 178 to 208 pounds.

Standard uniform for a shock troop includes dot-style camouflage smock, helmet, and trousers, a gray tunic to be worn under the smock, and a light combat pack with combat suspenders.
