Description: Dinosaur turtle was a giant non-sentient reptilian creature. The creature was known to be aggressive. It attacked and ate a few of the Mandalorians, until Din Djarin arrived in his N-1 starfighter and fired torpedoes into the creature's side, killing it.

The dinosaur turtle was quadrupedal and had a long tail. Its skin was all but impervious to blaster fire. Its shell was also strong against the explosion of thermal detonator. It dwelled underwater but could also operate on land.
