Description: A Warthog served as a pirate onboard Captain Gorian Shard's Cumulus Class Corsair.

***Biography***
In 9 ABY, this Warthog pirate served as the helmsman for Pirate King Gorian Shard's personal

Cumulus Class Corsair. In that year, Vane, a Kajain'sa'Nikto pirate, and several other pirates were being chased by the Mandalorian Din Djarin. Vane, who was the only survivor of the ambush, retreated to Shard's Corsair as Djarin's N-1 starfighter approached the colossus ship.

As Shard and Djarin discussed their quarrel, the Warthog pirate stood at the helm of the ship as the pirate watched the heated argument. Djarin, who gave Grogu advise to never trust a pirate, used his sublight engines to escape Shard and his pirate gang.

Later, Shard and his pirate gang invaded the planet Nevarro after Shard's helmsman was gunned down by High Magistrate Greef Karga. Mad, Shard commenced an aerial bombardment of Nevarro City, forcing Karga and many civilians to escape to the lava fields. In a desperate hope, Karga contacted the New Republic for assistance with the matter. His message would be received by Carson Teva, who later asked Djarin and the Children of the Watch to dispatch the pirate gang.

After a debate, Djarin and Lady Bo-Katan Kryze battled with the pirate gang on the planet. During the battle, the Warthog pirate piloted Shard's Corsair, as Shard barked orders at his Ugnaught coxswain. After all Snub Fighters were destroyed, except for Vane who abandoned Shard and his crew, the coxswain told Shard that they should retreat. Shard, who refused to retreat, pushed the Warthog pirate out of the way as he made one last effort to kill Djarin and Kryze, but the two Mandalorians destroyed his last engine, which sent Shard, the Warthog pirate, and the rest of the crew crashing down onto Nevarro's surface.
