Description: Bichan was a human Dark Lord of the Sith who confronted the Jedi Padawan Toul in the past attacking him and several other Jedi. A female human Jedi, who is revealed to be Toul's master, charges at Bichan but is killed as well. The Padawan attacks out of hatred and anger which pleases the Sith Lord, telling him the his rage is more befitting of a Sith. Scaring his face and offering him a place at his side after the Sith have destroyed the Jedi, as he will need a new master. He lets the boy go and leaves. By 1032 BBY, he encountered the Padawan on an asteroid and followed him and the pilot Ara to the Outer Rim Territories planet Dolgarak. There, Bichan confronted Toul on Ara's speeder before dueling him there and atop the statues of prophecy; however, Toul killed the Sith.
