Description: Varish, referred to by her students as Ms. Varish was a gardening instructor to Jedi Initiates on the planet of Langsha-Raang during the High Republic Era. She instructed Jedi Initiates Kai Brightstar, Lys Solay, and Nubs during a lesson on the garden planet. Varish was impressed by Nubs' care with a Vreenak Bloom, and invited him to the front of the class for a demonstration on the importance of observing plants to discover their needs. To thank him for his participation, she presented Nubs with a small bag of seeds which would grow well on the planet Tenoo, where the Jedi Initiates were based. However, during the demonstration, a seed from a Grumble Vine was accidentally added to the bag and brought back to Tenoo. After dangerous uncontrolled growth,

Nubs used the lesson taught by Ms. Varish to provide the grumble vine adequate shade. The plant was then sent back to Varnish's garden where it belonged. Although she felt terrible about the grumble vine seed contamination, Varish was proud of Nubs for stopping the grumble vine's destructive growth, and the youngling eagerly showed his teacher the successful growths of the plants she provided.
