Special Abilities:

Aquatic: Gungans are as at home in water as they are in air, capable of holding their breaths for extended periods while swimming, allowing them to remain submerged between breaths for many minutes. Although this does serve them some advantage in a vacuum, they have no resistance to the other deleterious effects that this environment has on their bodies.

Cartilaginous Body Structure: With very few bones, and most of their body supports made from flexible cartilage, Gungans are resistant to blunt trauma, resisting non-piercing physical damage with a bonus 2D. This offers no protection against projectile weapons, energy weapons or stabbing/slashing weapons such as knives or swords. However it does provide them with impressive resistance to concussion waves such as blast waves from grenades.

Story Factors:

Mild Xenophobia: Centuries of persecution by humans has left Gungans with a mild dislike of non-Gungans, always trusting their own kind above aliens.

Infamous: Gungans are know across the galaxy as not only the major pivotal force in the Battle of Naboo, but also as the species which originally voted for Chancellor Palpatine to be granted unlimited powers which led to the establishment of the Galactic Empire. This leads to them being seen as either untrustworthy or extremely naive by other species.
