

Characters D6 / Tamtam (Napanese Budokai)

Tamtam

Tamtam, like Jubei and Charlotte, is relying entirely on sword skills in the up-coming Napanese Shogun Budokai. He is a large M`gando who left his homeworld in search of better competition for his sword skills. He went across the galaxy fighting in competitions and duels, his large flaschion making a lklasting impression on all those who encountered him. Finally he learned of the Budokai and decided to begin training for it. He is very sure of his prowesses as he has never lost, but he is in for some tough competition.
