Description: Aster Forian was a human Padawan of the Jedi Order during the High Republic Era. A week after the destruction of Starlight Beacon, Forian was tasked by the High Council to locate Jedi Master Soleil Agra and inform her of a transmission sent by Marchion Ro announcing the creation of the Nihil Stormwall. Finding Agra and Elzar Mann on a terrace in the Jedi Temple, Forian also shared that, along with communication between the Occlusion Zone being down, an entire Republic Defense Coalition fleet had been destroyed when the Stormwall became operational.
