Description: Okoro was an Eirami male who was the captain of the fishing boat Queen Xiri during

the High Republic Era. Operating on the planet Eiram with his wife Nelly, crewmember Gorge, and droid 9-0-9, Okoro accepted Jedi Padawan Bell Zettifar's request to join his crew. After befriending and getting to know the Jedi, he helped him search for and locate his lost friend, fellow Padawan Burryaga Agaburry, who had disappeared during the Destruction of Starlight Beacon, by spreading the word about him to other crews across the planet.
