Description: Dafne Vuundir was queen of the planet Vuundalla. She ruled over the planet with her husband, King Pychor Vuundir. The two leaders were generally apathetic towards their people, but interested in wider galactic politics, particularly in Starlight Beacon. She was the mother of Prince Cyrus Vuundir, and was unaware of his alter ego as the pirate Taborr Val Dorn, believing his workshop was simply a place in which he played. Following a groundquake on Vuundalla, she was convinced by Cyrus to allow supplies intended to rebuild her family's secondary fathier stable to be used for rebuilding efforts in the village near the palace. Dafne Vuundir was present at the dedication of Starlight Beacon.
