Description: Gab is a Farmer who Jedi Master Zanna asked to take a group of Jedi Younglings to demonstrate the use of a Well-maker drill to irrigate and provide a water source for remote settlements. During the journey, the Jedi Youngling Nubs was forced to travel inside a Pod Wagon instead of with his fellow Jedi. When the Well-maker drill and the Pod-Wagon was stolen by the Ganguls gang, he lent some Speeder Bikes to the other Younglings, Kai Brightstar and Lys Solus.

They rescued their friend and recovered the Pod-Wagon and Well-maker drill, which allowed Gab to complete his task and demonstrate the use of the device for the Jedi Younglings.
Physically Gab appeared to be some kind of Aquatic creature with similarities to a Frog.
