# Planets D6 / Olega

Name: Olega
Class: Terrestrial
Atmosphere: Breathable
Surface water: Ocean
Points of interest: Olega Jedi temple
Major cities: Olega city

Description: Olega was a planet located far from the Core World Coruscant that was home to a city where the Jedi Order operated a Jedi temple during the High Republic Era. The Force-sensitive assassin Mae Aniseya visited Olega to kill Jedi Master Torbin, who had taken the Barash Vow at the Olega Jedi temple. Jedi Master Sol, his Padawan, Jecki Lon, Jedi Knight Yord Fandar, and Mae's sister, Osha, confronted her on Olega, although she managed to escape.

***Places of Interest***
*Olega City*
A city was located on the world Olega by the time of the High Republic Era.

*Olega Apothecary*
he Olega Apothecary was an apothecary on the planet Olega. In 132 BBY, Qimir used the shop as a base of operation during the Skirmish on Olega. When his apprentice Mae-ho Aniseya arrived, he informed her that he killed the man who owned the shop, so he could blend in with the local population. He then sent Aniseya to the nearby Olega Jedi temple to murder Jedi Master Torbin. After Aniseya failed to break through Torbin's impenetrable barrier, she returned to the apothecary and Qimir gave her a vial of bunta poison, so she could kill the Jedi.

*Olega Jedi temple*
The Olega Jedi temple was a Jedi temple situated on the planet Olega during the High Republic Era. In 132 BBY, the Jedi Master Torbin was murdered by Mae Aniseya from bunta poison, while Jedi Master Sol and his companions were sent there to investigate.
The presence of Jedi outposts and Temples across the Galaxy was widespread during the High Republic Era.
