Description: Mog Adana was a human Jedi Padawan of the Jedi Order during the High Republic Era. He received a distress signal from Jedi Master Sol from the Outer Rim planet Khofar in 132 BBY and informed Master Vernestra Rwoh, for whom he did the desk work. Rwoh prepared a team to head to Khofar to speak with Sol and investigate the murders of several Jedi. Adana was amongst those selected for the mission. They arrived at Khofar just after Sol's Polan GX-8 jumped to hyperspace. Rwoh led her team through the jungles. They found the corpses of Jecki Lon, Yord Fandar, Ithia Paan, and the other members of Sol's team. Adana informed Rwoh there was no sign of Verosha Aniseya or her twin Mae-ho Aniseya, concluding they must have survived.

Rwoh asked Adana what he saw. He told her he saw an explosion, then a battle, one versus many. His power was extraordinary, his skills erratic, with the sole aim of leaving no survivors. After destroying an attacking umbramoth with her lightwhip, Rwoh told Adana that all the victims were killed by a lightsaber and asked him what that told him. Adana concluded a powerful Jedi had fallen. He asked if Rwoh thought Sol was the one responsible for the murders, to which Rwoh retorted that was quite the accusation. Adana asked if Sol caused the murders and why would he send a distress signal. Rwoh replied it was time to return to the ship and that they should prepare the bodies of the fallen Jedi for burial.

Some time later, Adana spoke with Rwoh inside the Jedi Temple, informing her that Senator Rayencourt had come to visit her. Rwoh became annoyed that Adana allowed the senator into the control room. Adana later informed Rwoh that they tracked down Sol on Brendok after Sol turned his transponder back on. She told him to prepare her starship for departure and to gather as many Jedi Knights as he could without raising alarm. When Adana asked if she was anticipating a confrontation, she replied she was seeking to implement a resolution.

After the Cantaros arrived on Brendok, Rwoh sensed the presence of her former padawan as she exited the ship. Without revealing it to Adana or the rest of the Jedi, she told them to follow her into the Brendok fortress. Before Adana entered the fortress, Bazil rendezvoused with Adana, relieving the padawan. After they entered the fortress, Rwoh ordered two Jedi to search the premises, while Adana was sent to search the surrounding area outside the fortress with Bazil tracking for their suspects. With the aid of Bazil's tracking, Adana eventually found an amnesic Mae Aniseya by a Bunta tree. He told her to not move, lay down any weapons she had and surrender. He then told Mae she was under arrest. The amnesic Mae was confused and asked him why she was being arrested.
