Special Abilities:

Smell: Caamasi have an extremely acute sense of smell, with their nose positioned at the end of a tooth-filled snout., getting a + 1D to their search skill when tracking by scent. This ability may not be improved.

Memnii: Caamasi had the interesting ability to share vivid memories called memnii with their near relatives and Force-sensitives, especially members of the Jedi Order.. This is done by making a Successful Willpower roll, the target number being Very Easy for friendly, non-resisting targets. A resisting target makes a Perception or control roll to determine the difficulty. Modified by proximity and relationship.

Story Factors:

Pacifist: Culture on Caamasi evolved around the basic tenets of peace and social justice;

influencing the evolution of the Jedi Order and their service as Knights of the Galactic Republic. While willing to fight for what they believe in, they will seek the peaceful solution first.

Description: Ralthar Sitan, known as Snout, was a male Caamasi who was kept as a slave by the organization called the Crucible around the time of the Mandalorian Wars. Forced to brutal fights despite his peaceful nature, he was able to experience centuries of the Crucible's cruelty through memnii from other Caamasi. In 3963 BBY, on Volgax, he let Zayne Carrick to see the Crucible's history through memnii, after he was defeated in the fight. However, soon the two were forced into another fight, in which Snout deliberately left a hole in his defense, allowing Carrick to kill him and stop his suffering.
