Description: Hudi was a Twi'lek scrapper who owned a mechanic's store called Hudi's Depot on the planet Yarrum during the High Republic Era. They had a GNK-series power droid named DV. Hudi had a testy relationship with the pirate Clave Rollek, who had a reputation for dishonesty. After Jedi youngling Kai Brightstar's borrowed starship Crimson Firehawk broke down, Brightstar along with fellow youngling Bren and Rollek visited Hudi's Depot in order to buy a stabilizer coil. Lacking the funds, Rollek staged an accident and stole a stabilizer coil. Rollek fled with Bren while Brightstar was left behind.
Hudi initially believed that Brightstar was Rollek's accomplice until Brightstar convinced them to let him recover the stolen coil. Hudi then sent their droid DV to bring Brightstar to the Firehawk in a landspeeder. After Brightstar and Bren defeated Rollek and recovered the stabilizer coil, Hudi allowed the two younglings to keep the stabilizer coil out of gratitude to them for doing the right thing.
