Description: Somna was a human rustler who lived on an unnamed desert during the High Republic Era. Somna was the descendant of former townsfolk who left the desert city several generations ago, and their ancestors had promised to take over the Nerf swarm from the town. However, this promise was not fulfilled until Somna's time, forcing them and their two companions to live a hard life. Somna and their companions stole the nerf swarm, believing that the town's ruler, Brooks, would not be willing to negotiate with them. However, when the Jedi Bell Zettifar and Kai Brightstar confronted Somna, they discovered that there was a misunderstanding between them

and the townsfolk. Somna and Brooks changed their attitudes towards each other, and Brooks acknowledged that they had rightful ownership of Nerf.
