Starships D6 / Dinghy

Name: Dinghy
Scale: Starfighter
Length: 8m
Skill: Space Transports - Dinghy
Crew: 1
Crew Skill: varies
Passengers: 10 (standing)
Consumables: 1 Hour
Cost: 5,000 (used)
Cargo Capacity: 2 Tons
Hyperdrive Multiplier: NA
Hyperdrive Backup: NA
Nav Computer: Yes
Space: 1
Atmosphere: NA
Maneuverability: 1D
Hull: 1D
Shields:
Sensors:

Weapons:

Description: A Dinghy was a small type of starship, used to transport passengers from vessels that were docked in space. Dinghies could be operated with a single pilot. During 9 ABY, the pirate port of Borgo Prime utilized a number of dinghies to transport crew to and from their ships and the port. During the same year the crew of the Onyx Cinder used dinghies to visit the port and subsequently escape from Captain Brutus's pirate crew.
