Description: Around 9 ABY, a male Hutt was a guest to Skull Ridge Mountain Hotel & Spa on the planet of Lanupa. One day, while relaxing in a mud bath, the Hutt was served a tray of food by a Troglof attendant. Dissatisfied with the contents of the tray, the Hutt instead grasped the attendant himself and ate him, shrugging off his desperate pleas not to do so again.

The male Hutt had grayish skin and orange eyes. They did not object to consuming sentient species alive if the foodstuff served was not appealing.
