### ***Biography***

He was human security guard for the Skull Ridge Mountain Hotel & Spa on the planet of Lanupa. Around 9 ABY, he watched the Onyx Cinder touch down on at the spa. When the hotel director noticed the junky state of the ship she asked the guard to contact waste removal expecting that the Onyx Cinder might cause a situation which he did via his comlink.

Later that day he was part of a group of guards searching the tunnels under the spa for the Onyx Cinder crew. He noticed a smooth patch of ground near a stone pillar ahead of him and decided to toss a rock towards it before proceeding. Bars of light activate on the pillar which accelerates the rock upwards. Inching forward the guard sees that the rock was accelerated into a spike trap that had already claimed a skeleton. When he turned around to his team he was shot by the pirate First Mate Gunter causing him to fall backwards into the spike trap.

### ***Personality and traits***

### ***Equipment***

While working at the spa, he wore a green uniform with a white helmet, white belt and white gloves.
