Description: Vax Potorr was a bald Human male, originally a thief from the underlevels of Coruscant. During the Sith–Imperial War he decided to serve with the Fel Empire rather than the Galactic Alliance, who were protecting the Yuuzhan Vong. During this time he fought in the Battle of Botajef with Joker Squad. Potorr was responsible for killing the Mandalorian Vevec.

As of 137 ABY, he was still assigned to Joker Squad, which was part of the 407th Stormtrooper Division

of the Galactic Empire. During the Battle of Borosk, Joker squad led the assault on the 908th's citadel. He was the first casualty of Joker squad, when he stepped on a mine and was blown apart.
