Description: An armored vehicle was used by the Galactic Empire as a transport and mobile weapons platform. The repulsorcraft was armed with a blaster cannon that could swivel, and the vehicle could be driven by one individual. At least two vehicle were present on Ferrix during the occupation of the world by the garrison. During the uprising against the Imperial forces on Ferrix, one of these vehicles was badly damaged by a bomb thrown by Wilmon Paak.
In 4 BBY, a pair of these vehicles were used by Imperial forces on Mina-Rau.
