

Hydra

The hydra is a large predator that stands taller than even a rancor. The creature is covered in massive (armored at the base of it's body) fiery red scales. It's body consist of stubby but powerful legs, a massive armored trunk, and the head(s). what makes hydras infamous is their strange regenerative abilities. Anytime one head gets killed or severed three grow in it's place. The creature's vital organs are all in the center of it's heavily protected body.

multiple heads: a hydra starts with only one head but as mentioned below it can gain more. Each head has the above mentioned stats and can act independently of each other while retaining a hive mind based from the main body. Thus each head counts as a separate creature in terms of actions but share all thought.

Head Regeneration: every time a head is killed or severed the next round three heads grow in it's place. each head has the stats listed at the top.
