Special Abilities:

Starship Intuition: Duros are, by their nature, extremely skilled starship pilots and navigators. When a Duros character is generated, 1D (no more) may be placed in the following skills, for which the character receives 2D of ability: archaic starship piloting, astrogation, capital ship gunnery, capital ship shields, sensors, space transports, starfighter piloting, starship gunnery, and starship shields. This bonus also applies to any specializations. If the character wishes to have more than 2D in the skill listed, then the skill costs are normal from there on.

Description: Arin was a female Duros who was once in a relationship with the criminal Cad Bane. While pregnant with her and Bane's child, she was shot in the crossfire of a duel between Bane and a city's marshal. Though she survived, married Bane's former friend—and the new marshal—Niro and eventually birthed her and Bane's son, Isaac, she eventually died some time later. As a result, Niro, who raised Isaac as his own, did so alone until Bane returned and killed Niro.
