    Legs
    Welding Torch (3D damage)
    Single Visual Sensors - Human Range
    Two Auditory Sensors - Human Range
    Basic Vocabulator speech system
    Built in Comm System

Move: 6

Description: Triangle Droids were small construction droids used to maintain the home of Yuki's Parents under the mountains of Tattoine. They could weld the beams required to shore up the roof and retain the integrity of this place, and it was possible they were reprogrammable in the same way Mouse Droids are as there was a maintained and functioning Starship present as well in the caves, although this was never witnessed.
